

## Mindblowing BJ's Glossary

Anal beads	String of beads for anal and prostate play
Anal lube	Extra thick lube for anal and prostate play
Blow job spray	Cooling, warming or tingling mouth spray to enhance oral play
Butt plug	Sex toy for anal play, offers feelings of fullness and pressure.
Cis (men)	The term cisgender is the opposite of the word transgender, and used as a term for people whose gender identity matches their sex assigned at birth.
Circumcision	The action of removing foreskin, most often for religious, cultural, or medical reasons.
Cock ring	Worn at the base of the penis where it delivers a squeeze and restricts blood flow, enhancing the erection and making it feel harder and more sensitive.
Cock yoga	Our term for describing the deep breathing technique which can help with the gag reflex.
Coronal ridge	The rim of tissue that separates the glans (head) and the shaft of the penis.
Dan Savage	An American author, journalist, and LGBT community activist. He writes Savage Love, a relationship & sex advice column.
Deep throating	Advanced level oral sex; the penis is so deep into the giver's mouth, they may gag. Not for everyone!
Douche	Enema bulb used for anal cleansing before anal play.
Erectile cylinders	The penis has no bones or muscles inside it. Instead, it's made up of erectile cylinders that swell with blood during an erection.
Fellatio	Oral stimulation of a penis.
Foreskin	A double-layer of muscle tissue and mucous membrane that covers and protects the glans (tip of the penis).
Frenulum	An elastic band of tissue under the head of the penis.
Glans	Correct term for the head/tip of the penis.
Lube	<p>Water-based, oil-based, and silicone based lubes can be used for the penis. You can also have a lot of fun using flavoured lubes, or warming, cooling, or tingling lubes.</p> <p>Not all lubes are latex-safe, so always check the bottle before using it with condoms.</p>

Party bag	Our term for scrotum. We prefer it :)
Perineum	The area between the anus and the scrotum.
Prostate	A walnut-sized gland located between the bladder and the penis, also known as the male-bodied version of the G-spot (P-spot).
Prostate massager	Ergonomically designed sex toys to safely stimulate the P-Spot.
P-spot	The prostate (see above) - can be immensely pleasurable when stimulated in the right way.
Raphe	The visible ridge of tissue that extends from the anus through the perineum and up along the shaft of the penis.
Safe signal	A non-verbal cue to show you've reached your limit. Dropping a ball or a set of keys is a good safe signal.
Scrotum	The sack of skin holding the testicles.
Seminal vesicle	Two glands that secrete fluid that partly make up semen.
Tenga egg	Stretchy and textured sex toy for penises.
Testicles	Reproductive glands that produce sperm and testosterone, contained by the scrotum.
Urethra	A tube that empties urine from the bladder. The opening (pee-hole) is a sensual area for many.
